About the company

S5 Consulting AS (S5) is an employee-owned, Norway based SAP consulting company focusing on Innovation and Digital Transformation projects. S5 has a team of highly skilled and certified experts. S5 is known for its ability to help clients execute change to add value by intelligently connecting People, Things, and Business. S5 archive this by mixing our strong competence and business experience with utilizing great software end tools.

Why S5?

Since 2007, we have delivered SAP consulting services to some of Norway's biggest companies, enabling them to become high-performance businesses. This year we're experiencing even greater demand for our services and are subsequently looking to recruit bright, technically savvy consultants to join the team.

Consultants will apply deep business process and technical skills to design, build and implement solutions across a range of business functions in order to deliver lasting business value.
